

MRHA

Missouri Rural
Health Association

Why Be a Member?

info@morha.org

MRHA members drive change by gathering and sharing relevant data to promote informed decision-making and increased collaboration across sectors. MRHA's communication pipeline provides individuals and communities with information and tools to understand health care issues and their role in shaping and improving their community.

MRHA's transportation solution, HealthTran, is changing rural health dynamics. The data generated is helping drive change to address transportation barriers to care and social determinants of health.

Your support keeps Missouri as a national leader in addressing rural health issues, especially in the areas of access to care, transportation, and cross-sector collaboration.

MRHA FOCUS:

- Support local efforts to address emerging health-related issues
- Challenge public and private funding sources to invest more robustly in rural communities
- Lead transformation of non-emergency medical transportation approach in Missouri
- Serve as a voice for members on rural health issues at the state and national levels
- Provide timely training and technical assistance

BENEFITS OF MEMBERSHIP

- Opportunity to be a Missouri rural health advocate through MRHA leadership (e.g. board/committee participation)
- Electronic updates/notification on policy and program issues, HealthTran and funding opportunities
- Regular advocacy updates on state and national rural health issues
- Access to HealthTran – Missouri's approach to eliminating transportation barriers
- Opportunities to present at State and National conferences on MRHA-supported programs/services
- Opportunity for inclusion in relevant MRHA grant applications that support rural health improvement
- Education & training opportunities
- Discounts on annual Rural Health Conference registration
- Access to Out Front Health – a health insurance option for small to mid-size employers

Providing leadership on rural issues through advocacy, communication, education and research.
